## Mission Statement

The "Buckle Me Up!" International Autoimmune Arthritis Movement (IAAM) is committed to eliminating the adversity caused by autoimmune arthritis by raising global awareness, providing wellness alternatives and sharing resources that will improve the quality of life for those affected by these diseases.

**IAAM will be the first nonprofit created exclusively to benefit autoimmune arthritis.**

**Awareness:** We aim to abolish the misconceptions & to create a renewed awareness about autoimmune arthritis.

**Wellness:** We are creating in-depth, age appropriate exercise programs that cater to different levels of disability & fitness preferences.

**Global database:** From companies offering discounts to those suffering with autoimmune arthritis to finding local Support Groups in your area to meeting people from all over the world who are affected by autoimmune arthritis, IAAM will become your global database.
